

RE: Nyla O'Brien

November 14, 2020

To: Whom It May Concern

I have had the distinct pleasure of having Nyla O'Brien as a current student in my AP Calculus BC class at Quartz Hill High School. Nyla is a very intelligent young lady. She is a very tenacious and responsible young lady in everything she sets her mind to. These qualities set her apart from her peers.

The academics at Quartz Hill High School are most challenging, and I know she will continue to follow the challenge in the upcoming years and then in college. Nyla is an outstanding student and challenged herself with numerous honors and AP courses, while participating in various extra-curricular activities. She has participated in Quartz Hill Soccer team and Swim team. Nyla in her spare time volunteers as a Life Team leader and crew leader at Saint Junipero Serra Parish. She has also volunteered her time to the girls scouts. How she is able to find the time to maintain a high grade point average only makes me respect her even more. With Nyla's superior knowledge and determination to succeed, she has developed a strong sense of confidence with a charming attitude. I feel confident in saying that she is capable of handling any situation with thoughtfulness and maturity. Nyla has that special sparkle in her eyes full of hope about her future and I have no doubt that she will accomplish her goal of becoming a marine biologist.

I sincerely recommend her as the ideal candidate for any scholarship or University that is seeking a student who is an exemplary student as well as a student full of integrity and hope for tomorrow.

Respectfully submitted,

Lorena Benavides
